

Annual Report
2020-2021

San Miguel School of Providence
Transforming Lives Since 1993

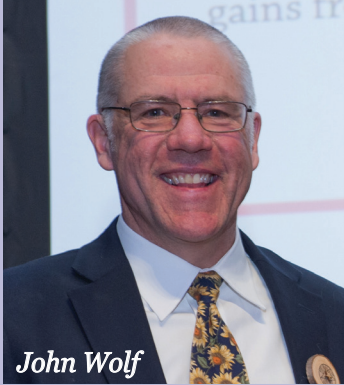

OUR MISSION

San Miguel School, a Lasallian middle school, provides a high-quality, holistic education for boys from diverse and challenging backgrounds.

In a caring, safe, and structured environment, we foster a spirit of mutual respect and brotherhood among all students. We walk with our students and their families throughout their educational journey at San Miguel School and beyond.

Inspired by the pillars of faith, service, and community, each “Miguel Man” is encouraged to learn, to serve, and to grow to reach his full potential.

A Message From Our Director

Dear Friends of San Miguel School,

“Livin’ the dream”

Ask the staff at San Miguel and they will tell you that this was one of my favorite phrases last year. Often used in jest, when I was most certainly not ‘living the dream’, these words (and a smile) brought some levity to the seemingly unending barrage of curveballs and challenges that we faced as a school community last year. Daily, if not hourly, the leadership team and I were asking ourselves, How do we keep the students safe? How do we keep the teachers and staff safe? How do we ensure that the students keep learning when we will inevitably have to go virtual? What will all of this cost us?

All these questions can make you feel unsure and alone. Thank goodness for the weekly calls with other school leaders who also admitted they were definitely not living the dream either! Our weekly calls reminded me that we were not alone and that together all we could do was make the best decisions with the information we had. While the ‘how’ may have been unclear at times, one thing was clear--the school community’s commitment to keeping the doors open and the students engaged was steadfast and immovable.

Only now does it occur to me that perhaps behind every decision that helped us keep those doors open, the families supplied with food, and the learning happening, was the sense that in many ways we actually WERE living the dream. The dream of not only our founder, Brother Lawrence Goyette, FSC, but of St. John Baptist de La Salle himself. When faced with poverty, hardship and ridicule around the idea of starting schools to educate the poor, de La Salle persevered. Driven by his faith, and commitment to social justice of the day, he developed schools and mentored young men in the vocation of teaching. As a result, over 350 years later, the schools are thriving and over one million students a year are served by the Lasallian mission.

Then 2020 came and a once-in-a-lifetime pandemic descended upon our community. Our families faced imminent threats to their health, their employment status, their food security and the education of their children. We asked ourselves, What would de La Salle do if he were here now, in Providence, RI in the year 2020? How would he keep the doors open and the students safe? I’m pretty convinced that he would turn to his faith and to the power of community. So we did our best to attempt the same by turning to you, our community. Your faith in us kept us going and gave us the strength to meet each new challenge. Your financial support provided PPE, technology and testing. Your time volunteering helped to guide and support us. In the end, together, we weathered an incredible storm. We are forever grateful.

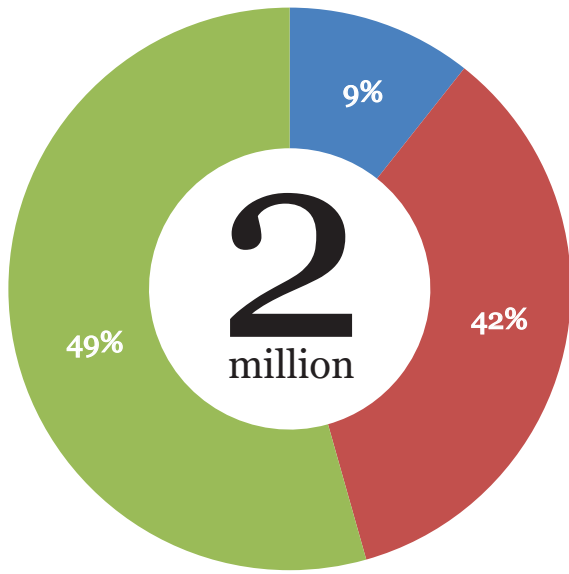

Looking ahead, the upcoming school year will (again) not be without its unique challenges, but we must all remind ourselves that we can continue to live the dream of St. John Baptist de La Salle every day. The young men in our care will see that commitment as the blessing it is well into the future.

With deep gratitude,

John Wolf, Executive Director

The San Miguel School is A Life Changer

“The San Miguel School is a life changer. It does more than just provide an education—it provides you with an opportunity to prove to yourself who you really are. *Was I destined to become what others had labeled me? Had my path been determined because the roads I saw before me led to nowhere?* The San Miguel School of 12 Carter Street that opened in 1993 gave me the ability to decide who I was going to become. Brother Lawrence, Lisa Koch, and Mariesa Jozwiak reignited and challenged the mind and spirits of my 5th grade class. That first year the school barely had any materials for learning, zero space for recess, and we were responsible for bringing our own lunch.

But something about it never deterred any of us from returning everyday. That first year you could feel the character of San Miguel School. I knew everyone inside the walls of the school were concerned for me and my well-being. I knew that my classmates stood side by side with me everyday. Our struggles were opportunities to help each other and our successes were used to motivate each other. Whatever troubles we all encountered outside of school were erased when we stepped foot into 12 Carter Street. That brotherhood, the tireless efforts of Brother Lawrence, and selfless actions of Lasallian Volunteers, Lisa Koch and Mariesa Jozwiak, laid the foundation and paved a new path where anything was possible.”

-Johnny Kue, SMS '97, Graduate Support Director

San Miguel is A Family

“San Miguel was a wonderful family that I was lucky to be a part of. It was a family that instilled great values. The love and care Brother Lawrence and the wonderful Lasallian volunteers bestowed onto us was incalculable. Expectations and values instilled, at such an impressionable age, endured in my consciousness long after graduation. There’s no denying that this school played a significant role in shaping the man I am today.”

-Gabriel Lugo, SMS '97, Data Engineer

San Miguel is Important

“San Miguel played an important role in my life and helped shape me into the person I am today. At San Miguel, I learned so many valuable life lessons that have helped guide and prepare me for a successful future. Without the guidance of the teachers at San Miguel, I can honestly say that I would have been faced with a much harder road to travel, considering the surrounding neighborhood of where I was raised. San Miguel provided security and care when everything around me was projecting chaos and instability. I am deeply thankful for my time spent at San Miguel, and especially for the presence of Brother Lawrence. I will forever be grateful to this community.”

-Bee Yang, SMS '98

San Miguel is Unlike Any Other

“Sometimes it’s hard to identify the key moments in your life that affect the overall trajectory of where you’re going. Lucky for me, I know at least when one of those key moments happened. It was when my mother enrolled me in San Miguel. San Miguel is unlike any other educational experience I have had. The education that the school imparts to its students goes beyond what is traditionally covered in a more conventional private or public school. We did cover the typical English, maths, and science courses, but we also received lessons that were generally useful for navigating life. These lessons were not formally integrated into the curriculum but rather through the countless informal conversations around personal responsibility, striving for self-improvement, and giving back to the community that you are a part of. If one were to speak to an alumni of the school, they are bound to hear him mention that one of the key takeaways from his time at San Miguel is the importance of “strong handshake while looking the person in

the eye.” If you, the reader, have heard this line, know that what you’re hearing represents a tip of an iceberg when it comes to the set of foundational life skills that each one of us learned during our time at San Miguel. While San Miguel opened many doors as it relates to educational and experiential opportunities I wouldn’t have had (i.e. high school prep, camping, sailing), what I’m most appreciative for is the education I had regarding life skills that allowed me to give myself the tools needed to become the person that I want to be. I consider this to be the school’s biggest impact on its students and I’m proud to be a part of this legacy.”

-Miguel Perez, SMS '02, Business Development and Strategy

San Miguel is A Journey

“When I was approached to give my thoughts on what San Miguel means, I honestly had so many great things to say and so many fond memories that I was kind of flabbergasted. It was so easy to think of all the good times and all the adventures but as I began to write it, I found it more difficult than I had thought. Not for the sake of it being a pure hard task, but for the meaning that I had wished to convey. For the answer it really deserved. San Miguel to me is not so much the adventure but the journey. It is the story from beginning to your eventual end, and everything in between. It is the highs and the lows, the rights and the wrongs, the progress and the regressions.

San Miguel is “the education”, not “the teaching”, of young boys towards the footsteps of being young men. It is where gifted and special “educators” prep the clay of unmolded and rough adolescence to finding their shapes of vases and statues in the kelm of teenage hood. It is where you find unity and companionship in the family you will build. It is the sights you will see, the sounds you will hear, the direction you will take, the lessons you will learn; all the while being gently caressed by new worlds and cultures. I owe so much to this experience that I do not believe some of my core values would exist without it. Like a great orchestra, I was instilled with knowledge, respect, culture, a little bit of class; all while being fully embraced to find my better self by the most caring staff and family. I was pushed along by such caring and gentle kindness and sacrifices of everyone and all associated. It is a treasure to behold! To find myself associated with San Miguel is such an honor. A badge I proudly wear and represent. I can go on and on with all the great things this establishment means to me, but surely by now you have either witnessed or heard of the glorious things this place is doing. This is just a little of what San Miguel means to me. With great honor and respect,”

-Sue Yang, SMS '98

2020-2021 Annual Giving Report

The following list reflects those who made a gift or pledge to The Star Campaign in support of San Miguel between 12/2019 and 9/2021. The Star Campaign is a multi-year campaign for support of the school through programmatic enhancements, building improvements, and student sponsorship and graduate support endowments. Watch our inspiring video and read more about the Campaign at sanmiguelprov.org/campaign. If you have not yet expressed your enthusiasm for the school through a special commitment to this historic campaign, it is not too late! To do so, please contact Mel Bride, Director of Development, at mbride@sanmiguelprov.org.

A Message From Our Board Chair

Dear Friends of San Miguel,

On behalf of the Board of Directors, I want to take this opportunity to thank you for your support of San Miguel during another historic year. The pandemic posed multiple challenges for our community on Branch Avenue and beyond. Every day, the staff and leadership faced decisions that none of us would envy; their courage and fortitude shined bright. Through it all, they kept the boys front and center, and thanks to them, and to all of you, we successfully completed the 2020-2021 academic year.

Reviewing this long list of names of everyone who helped us provide for the boys and their families this year, I am reminded of the deep commitment and faith that surrounds this school. Mentors took the time to FaceTime with their mentees, while volunteers showed up with PPE, food cards, and hand-written notes of support. I know that through it all, the staff could feel that they were not alone. Your commitment to them, and to the students in their care, was deeply felt.

There is joyful hope, encouragement, light, and inspiration displayed at San Miguel every day which gives us confidence in the future. This fall we will welcome the class of 2025! Masks or no masks, virtual or in-person, indoors or out, we will deliver on the mission, and come spring 2022, graduate another class of incredible Miguel Men; shining like stars in the world. Thank you for being part of this important mission that continues to provide academic opportunity to young boys of great talent and promise from our local communities.

Gratefully,

Dennis Leamy Jr., Board Chair

We deeply thank the many folks who help make our mission possible on a daily basis...
